Stay Tuned—Details to Come

Have your supervisors trained and ready to cover the district the night of the 14th so you can come enjoy yourself. Ask all subs to work that night, have your buildings have a potluck that night so there won't be any call offs.
Plan for success NOW!

1. Stripper and Wax Inventories are DUE! What is left over from summer?

Success Starts with Knowledge....

2. Everyday say "have a good and SAFE day" to EVERY employee. Spread the word.

3. Terms and Transfers go on your exception report—EVERY term/transfer. Remember Bank Cleaners too!

**The 5 Things You
Should Know
TODAY!**

Now you are up to date!

4. Get those shirts back\$\$\$, this is a major cost that come out of all of our pockets\$\$

Remember as a leader you are always setting the example—People watch your moves not your mouth. Be a Good One!

5. Supervisor Packets are VERY Important—make sure you get these out on

NICE MATTERS :)

One of the most important times this is true is when we are covering an event. Make sure everyone has their smile on.
